AMENDMENT

SIR:

In response to the Office Action dated February 15,
2002, please amend the above-identified application as set
forth below.

IN THE CLAIMS:

Please cancel claim 14, without prejudice.

Please amend claims 11, 15, 17, and 20 as set forth
below:

11. (Amended) An assembling device for assembling and
disassembling a fuel injector in a mounting hole of a cylinder
head of an internal combustion engine, the assembling device
comprising:

a jacket body having a contact section and a collar
section, the jacket body at least partially surrounding
the fuel injector, a hold-down force for holding down the
fuel injector in the mounting hole and a disassembling
force for disassembling the fuel injector being able to
be exerted on the fuel injector via the contact section,
the collar section protruding from the mounting hole, the
collar section having at least one thread into which a
